

ACTIVITIES

public institution of **higher education** which organizes and conducts study courses and is engaged in scientific and expert work in the area of engineering sciences, field of **graphic engineering**

ACTINPAK FOCUS

- Faculty of Graphic Arts is participant in COST Action FP1405
- Within the scope of the COST action our main interest is in research:
 - printing materials (inks and substrates),
 - thermochromic inks in smart packaging applications,
 - health and safety issues of food packaging materials,
 - sustainability issues related to fibre and bio-based packaging materials.
